About the Author

I wrote my first very simple song on my ukulele when I was 12 just before I started to play guitar, Since I was 16 my song writing became more prolific, and I have had opportunity over the years to share my music via special items at church. I have been actively involved as a worship leader at my local church now for over 30 years and have developed lots of music resources for use by our congregation. As I write mostly on guitar many of the songs I have written have not been fully scripted as music scores yet, but other pieces will be developed in all these formats as time permits. As a Christian singer songwriter, it is my fervent wish that you may be blessed by this song and I would love to share this music for you to use in your worship and to bless others. All the Glory be to God!

About This Song

This song was written as part of a series of Christmas songs for the Road to Bethlehem presentation our church was involved in for a number of years. It tells the story of the two faithful ones in the temple waiting for the Messiah and how their hearts were filled with joy at this answer to their prayers was fulfilled when Joseph and Mary brought Jesus to the temple..
