

# TAKE UP YOUR CROSS AND FOLLOW ME

*Lyrics & Music by Colin McCrow*

C            Cmaj7 C            Am            F    Am    F            G  
Then Jesus said unto His disciples, If any man will come unto me,  
C            Cmaj7 C            Cmaj7            Am    F    G    C    C7  
Let him deny himself and take up his Cross and follow me.

## *Chorus*

                         F                            C    G                            Dm            F    C  
Take up your cross and follow me, Take up your cross and follow me,  
                         Cmaj7            C                            Am            F            Am            F G C  
Leave self behind and let me take over; Take up your cross and follow me.

C            Cmaj7 C                            Am            F    Am    F            G  
For whosoever will save his life, Shall lose it and it shall be gone;  
C            Cmaj7 C                            Cmaj7    Am                            F    G    C    C7  
And whosoever will lose his life, For my sake shall find it.

C                            Cmaj7                            C            Am    F    Am    F                            G  
The church is a place where grace abounds free, In it you will find a new life,  
C            Cmaj7                            C            Cmaj7                            Am    F    G    C    C7  
Banding together to worship your Lord, Your love will be for me.

C                            Cmaj7    C            Am                            F                            Am    F                            G  
You must throw out the pieces of self, And replace them with His holy love;  
C                            Cmaj7    C                            Cmaj7                            Am    F                            G    C    C7  
The load of this cross to heaven to carry, He'll take your load from you.
