Your life is worth – y and so I went through pain,
To live in Hea – ven with me e – ter – nal – ly

I've born it all be – fore up – on that rug – ged tree,
I died up – on the tree, so through me you'll be free,
I have a man – sion fair, If you will trust in me,

Please drop your load, and fol – low me.
So drop your load and fol – low me.
Just drop your load and fol – low me.
